

ROSEWOOD CATERING

EXCEEDING YOUR EXPECTATIONS

Rosewood Barbeque

Rosewood offers those great BBQ comfort foods we associate with the carefree times of the summer.

And we didn't forget the kids – whether you have a barbeque with children or just for the kid in you.

Within our selection of offerings are traditional recipes and flavours from 6 global regions, Canadian, Southern Style, The Islands, South American, The Mediterranean and Asia, for you to choose the combinations which suit you.

Your barbeque can incorporate a broad selection of foods and flavours. Corn on the cob becomes a new experience with a selection of toppings and flavoured butters at a Corn Roast Station.

Maybe you prefer to choose a corn prepared using one of our authentic regional recipes such as The Islands (Cancun) – grilled with mayo and parmesan cheese.

Burgers are elevated to the supreme with an extensive selection of toppings, our custom ordered handmade patties or a crowd favourite - our Signature Rosewood Burger with a special blend of spices and unique cooking method.

French fries are available with a selection of regional toppings which will thrill your guests – try our “Newfie Fries” with traditional Newfoundland Summer Savoury Dressing and gravy. You will think we brought the fries in direct from Ches's in St John's. And don't forget baked potatoes!! Try a P.E.I. potato with our special herb and sea salt crust.

Salads are an excellent compliment to any barbeque. Our Signature Rosewood Coral Potato Salad will impress your guests with its phenomenal flavour and colour.

Seasonal fresh fruit and pies, crumbles and other desserts will make a perfect conclusion to a hearty meal. And there is always the option of finishing things off with a Dutch Dream Ice Cream station complete with your very own Ice Cream Artisan to assist you with your personal selection of flavours and toppings. You and your guests are sure to be completely satisfied!

Unlike any other, a Rosewood Barbeque is a food experience that will leave you dreaming of that next summer day when you can create another summer flavour explosion.
