

ROSEWOOD CATERING

EXCEEDING YOUR EXPECTATIONS

Rosewood Breakfast

Most caterers prepare the standard Canadian continental breakfast; but, at Rosewood we put a little more love and creativity into the start of your day.

Our pastries are baked fresh. Our juices are squeezed fresh.

Our granola and yogurt are home-made by our Chef using family recipes. Just imagine the loving grandmother types in our kitchen baking all day; they put just as much love into each croissant or Danish as you would imagine.

For a more upscale breakfast our Breakfast Strudel or the individual assorted Stratas are perfect - fresh, different and delicious.

Try one of our other house specialties like The Rosewood Stuffed Egg, assorted Puff Pancakes or add some spice to your morning with the popular Cajun Corn Beef in a mini pita
