EXCEEDING YOUR EXPECTATIONS

## Rosewood Lunch

### The Sandwiches

Named after John Montagu the fourth Earl of Sandwich (1718–92), sandwiches have come a long way; but, at Rosewood we take them a step further. You will enjoy many original flavours and textures in our sandwich selection.

Our signature chicken options begin with

#### The Rosewood Fruit or Berry Infused

Grapes and Almonds with  
Apricot, Peach & Mango or Strawberry

or

#### Shepherd's

Bacon, Broccoli & Feta

The **Spicy Tuna** is just one recipe which takes the ordinary to the sublime with our special combination of spices.

Our **Fig and Balsamic Marinated Steak** with sautéed peppers, mushroom and onions on a crusty roll with havarti or brie will thrill the most discerning palette.

Even the standard egg salad becomes a new taste experience with the addition of fresh tarragon, green onion, paprika and spinach.

For the non meat-eater, try the **Honey Balsamic Sauté**.

A selection of fresh seasonal vegetables marinated and roasted.

Perhaps you would like yours with fluffy ricotta cheese and spinach.

We offer an abundance of flavour combinations, or you are welcome to challenge us with creating your very own sandwich. Whichever you choose, every bite will be followed by "mmmmm", as you taste the freshest ingredients on assorted breads and rolls just pulled from the oven.
