

## The Salads

Whether it's traditional Mixed Greens, a Cobb Salad, or something we design around your personal tastes, a salad is always a lovely addition to any meal. For lunch or dinner, hot or cold we make them fun and interesting and above all, flavourful and fresh.

### The Rosewood Salad or Salad Bar

Our most popular salad experience.

Fresh baby spinach, fried won ton noodles, mushrooms, red peppers, green onion, bean sprouts, almonds and our signature dressing made with eight different ingredients including freshly grated garlic and ginger. It can also be enjoyed as a "do it yourself" adventure, allowing each guest to choose his preferred combination of tastes and textures.
